acc. to OSHA HCS (29 CFR 1910.1200) and WHMIS 2015 regulations

Printing date: October 03, 2016

Revision: October 03, 2016

2 Hazard(s) identification

• Classification of the substance or mixture The product is not classified as hazardous according to the Globally Harmonized System (GHS).

· Label elements

· GHS label elements Not regulated.

· Hazard pictograms: Not regulated.

· Signal word: Not regulated.

· Hazard statements: Not regulated.

• Other hazards There are no other hazards not otherwise classified that have been identified.

3 Composition/information on ingredients

· Chemical characterization: Mixtures

· Components:

56-81-5 glycerol

• Additional information:

For the listed ingredient(s), the identity and/or exact percentage(s) are being withheld as a trade secret. For the wording of the listed Hazard Statements refer to section 16.

4 First-aid measures

[•] Description of first aid measures

· General information:

Symptoms of poisoning may even occur after several hours; therefore medical observation for at least 48 hours after the accident.

· After inhalation: Supply fresh air; consult doctor in case of complaints.

(Cont'd. on page 2)

60-80%

acc. to OSHA HCS (29 CFR 1910.1200) and WHMIS 2015 regulations

Printing date: October 03, 2016

Revision: October 03, 2016

Trade name: Latent Print Reference Pad - Amino Acid Based

(Cont'd. of page 1)

After skin contact: Clean with water and soap. If skin irritation continues, consult a doctor.
After eye contact: Remove contact lenses if worn. Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
After swallowing: Rinse out mouth and then drink plenty of water. Do not induce vomiting; immediately call for medical help.
Most important symptoms and effects, both acute and delayed: Gastric or intestinal disorders when ingested.
Danger: No relevant information available.

• Indication of any immediate medical attention and special treatment needed: No relevant information available.

5 Fire-fighting measures

 Extinguishing media · Suitable extinguishing agents: Foam Fire-extinguishing powder Carbon dioxide Gaseous extinguishing agents Water fog / haze • For safety reasons unsuitable extinguishing agents: Water stream. Water spray Special hazards arising from the substance or mixture Formation of toxic gases is possible during heating or in case of fire. • Advice for firefighters · Protective equipment: Wear self-contained respiratory protective device. Wear fully protective suit. · Additional information: Cool endangered containers with water fog.

6 Accidental release measures

· Personal precautions, protective equipment and emergency procedures:

Ensure adequate ventilation.

For large spills, wear protective clothing.

• Environmental precautions: No special measures required.

• Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

Send for recovery or disposal in suitable receptacles.

Dispose unusable material as waste according to item 13.

(Cont'd. on page 3)

acc. to OSHA HCS (29 CFR 1910.1200) and WHMIS 2015 regulations

Printing date: October 03, 2016

Revision: October 03, 2016

Trade name: Latent Print Reference Pad - Amino Acid Based

(Cont'd. of page 2)

[•] Reference to other sections:

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

7 Handling and storage

Handling

· Precautions for safe handling:

Prevent formation of aerosols.

- Use only in well ventilated areas.
- · Information about protection against explosions and fires: No special measures required.

Conditions for safe storage, including any incompatibilities

- · Storage
- · Requirements to be met by storerooms and receptacles:

Avoid storage near extreme heat, ignition sources or open flame.

- · Information about storage in one common storage facility:
- Store away from foodstuffs.

Do not store together with oxidizing and acidic materials.

- Further information about storage conditions: Keep containers tightly sealed.
- · Specific end use(s): No relevant information available.

8 Exposure controls/personal protection

Control noromotors

· Control paran	· Control parameters

[•] Other information

No relevant information available.

10 Stability and reactivity

· Reactivity: No relevant information available.

· Chemical stability: Stable under normal temperatures and pressures.

Thermal decomposition / conditions to be avoided:

No decomposition if used and stored according to specifications.

• Possibility of hazardous reactions:

Toxic fumes may be released if heated above the decomposition point.

· Conditions to avoid: No relevant information available.

· Incompatible materials: No relevant information available.

[•] Hazardous decomposition products:

Under fire conditions only:

Carbon monoxide and carbon dioxide

11 Toxicological information

· Information on toxicological effects

· Acute toxicity:

· LD/LC50 values that are relevant for classification: None.

· Primary irritant effect:

• On the skin: Based on available data, the classification criteria are not met.

· On the eye: Irritating effect.

• Sensitization: Based on available data, the classification criteria are not met.

· IARC (International Agency for Research on Cancer):

None of the ingredients are listed.

NTP (National Toxicology Program):

None of the ingredients are listed.

OSHA-Ca (Occupational Safety & Health Administration):

None of the ingredients are listed.

• Probable route(s) of exposure:

Ingestion.

Inhalation.

Eye contact.

Skin contact.

• Acute effects (acute toxicity, irritation and corrosivity): From product as supplied: None.

• Repeated dose toxicity: No relevant information available.

· CMR effects (carcinogenity, mutagenicity and toxicity for reproduction)

· Germ cell mutagenicity: Based on available data, the classification criteria are not met.

· Carcinogenicity: Based on available data, the classification criteria are not met.

• **Reproductive toxicity:** Based on available data, the classification criteria are not met.

• STOT-single exposure: Based on available data, the classification criteria are not met.

(Cont'd. of page 5)

• **STOT-repeated exposure:** Based on available data, the classification criteria are not met. • **Aspiration hazard:** Based on available data, the classification criteria are not met.

12 Ecological information

- [·] Toxicity
- · Aquatic toxicity No relevant information available.
- · Persistence and degradability No relevant information available.
- · Bioaccumulative potential: No relevant information available.
- Mobility in soil: No relevant information available.
- · Additional ecological information
- · General notes:

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

- [•] Results of PBT and vPvB assessment
- **PBT:** Not applicable.
- · **vPvB:** Not applicable.
- Other adverse effects: No relevant information available.

13 Disposal considerations

· Waste treatment methods

· Recommendation:

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

[·] Uncleaned packagings

· Recommendation: Disposal must be made according to official regulations.
