

Rhodamine 6G Powder SDS

Effective Date: August 6, 2013 24 Hour Emergency Contact: ChemTel: (800)255-3924 www.pioneerforensics.com

1. PRODUCT AND COMPANY IDENTIFICATION

Product: Rhodamine 6G Powder
Product Number(s): Rhodamine 6G Powder

CAS#: 989-38-8

Synonyms: No information found **Manufacturer:** Pioneer Forensics, LLC

804 E. Eisenhauer Blvd. Loveland, CO 80537 - Ph: (970) 292-8487

Distributor: Arrowhead Forensics

11030 Strang Line Rd. Lenexa, KS 66215 - Ph: (913) 894-8388

Emergency Number: (800) 255-3924 (CHEM-TEL)

Customer Service: (970) 292-8487

2. HAZARDS IDENTIFICATION

Emergency Overview: HARMFUL IF INGESTED. MAY BE HARMFUL IF INHALED OR ABSORBED THROUGH

THE SKIN.

Safety Ratings: Health: 2, Moderate Reactivity: 0, None

Flammability: 1, Slight Contact: 2, Moderate

OSHA Regulatory Status: This product is considered a "Hazardous Chemical" as defined by the OSHA Hazard

Communication Standard, 29 CFR 1910.1200.

Potential Acute Health Effects:

Routes of Exposure: Inhalation, ingestion, skin contact, eye contact

Inhalation: May cause irritation of respiratory tract.

Ingestion: Toxic if swallowed.

Skin Contact: May cause skin irritation.

Eye Contact: Causes eye irritation.

Target Organs: Liver, gastrointestinal tract, eyes

Chronic Health Effects: May cause death if ingested. Prolonged or repeated exposure may cause adverse health

effects.

Product: Rhodamine 6G Powder Revision Date: 08/06/2013

1/7

FORENSICS

Potential Environmental

Effects:

This product is not classified as environmentally hazardous. However,

this does not exclude the possibility that large or frequent spills can have a harmful or

damaging effect on the environment.

3. COMPOSITION AND INFORMATION ON INGREDIENTS

4. FIRST AID MEASURES

First Aid Procedures:

Inhalation: Remove to fresh air. If breathing is difficult, administer oxygen. If the victim is not

breathing, provide artificial respiration. Get medical attention.

Ingestion: Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs,

keep head low so that vomit does not enter lungs. Never give anything by mouth to an

unconscious person. GET MEDICAL ATTENTION IMMEDIATELY.

Skin Contact: Wash affected area with plenty of water for at least 15 minutes. Remove contaminated

clothing and shoes. Wash clothing before reuse. Get medical attention if symptoms occur.

Eye Contact: Check for and remove contact lenses. Immediately flush eyes with gentle but large stream

of water for at least 15 minutes, lifting lower and upper eyelids occasionally. Get medical

attention.

General Advice: In the case of accident or if you feel unwell, seek medical advice immediately (show the

label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in

attendance.

Notes to Physician: Treat symptomatically. Symptoms may be delayed.

5. FIRE FIGHTING MEASURES

NFPA Ratings: Health: 2 Flammability: 1 Reactivity: 0

Flammable Properties: May be combustible at high temperatures.

Flash Point: No information found

Auto-ignition Temp: No information found

Flammable Limits in Lower Explosion Limit: No information found Air (% by volume): Upper Explosion Limit No information found

Suitable Extinguishing Media: Water spray, dry powder, alcohol resistant foam, carbon dioxide

Unsuitable Extinguishing Media: Do not use a solid (straight) water stream as it may scatter and spread fire.

Hazardous Combustion

Products:

Carbon oxides, nitrogen oxides, hydrogen chloride (HCl)

Product: Rhodamine 6G Powder

Revision Date: 08/06/2013 2/7

Specific Hazards: Thermal decomposition may yield HCl vapor, which is highly toxic. High powder

concentrations in air may cause an explosion hazard.

Special Protective Equipment

For Firefighters:

As in any fire, wear MSHA/NIOSH approved (or equivalent) self-contained positive pressure

or pressure-demand breathing apparatus and full protective gear.

Specific Methods: Use water spray to cool unopened containers. Move containers from fire area if you can do

so without risk. In the event of fire and/or explosion, do not breathe fumes.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Ventilate area of leak or spill. Isolate hazard area and keep unnecessary and unprotected

personnel away from the area of the leak or spill. Wear appropriate personal protective equipment as specified in the Exposure Control and Personal Protection Section 8. Avoid

contact with eyes, skin, and clothing.

Environmental Precautions: Prevent further leakage or spillage if safe to do so. Do not contaminate water. Avoid

discharge into drains, water courses or onto the ground.

Methods for Containment: Prevent entry into waterways, sewer, basements or confined areas. Dike the spilled

material, where this is possible.

Methods for Cleaning Up: Absorb spill with an inert material (e.g. vermiculite, dry sand, earth, cloth, fleece), and place

in a non-combustible container for reclamation or disposal. Clean contaminated surface thoroughly. Never return spills in original containers for re-use. Clean up in accordance

with all applicable regulations.

7. HANDLING AND STORAGE

Handling: Do not handle or open near flame, sources of heat, or sources of ignition. Ground

equipment in contact with material. Wear personal protective equipment (see section 8). Provide sufficient air exchange and/or exhaust in work rooms. Avoid contact with skin, eyes and clothing. Do not ingest. When using, do not smoke. Keep away from incompatible materials. Handle in accordance with good industrial hygiene and safety practice. Wash thoroughly after handling. Containers of this material may be hazardous when empty since they retain product residues. Observe all warnings and precautions listed for the product

Storage: Store in a cool, dry, ventilated area away from flame, sources of ignition, heat, and

incompatible materials. Store in a segregated and approved area if possible. Store in original container. Keep containers tightly closed and upright. Keep away from food, drink and animal feedingstuffs. Keep out of the reach of children. Comply with all national, state, and local codes pertaining to the storage, handling, dispensing, and disposal of this product.

8. EXPOSURE CONTROL AND PERSONAL PROTECTION

Exposure Limits: No information found

Engineering Controls: Ensure adequate ventilation. Ventilation rates should be matched to conditions. If

applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Explosion proof exhaust

ventilation should be used.

Personal Protective Equipment:

Eye/Face Protection: Wear goggles or safety glasses with side shields and a face shield.

Product: Rhodamine 6G Powder

Revision Date: 08/06/2013 3/7

Skin Protection: Wear appropriate chemical resistant clothing (with long sleeves) and appropriate chemical

resistant gloves.

Respiratory Protection: Use a positive-pressure air-supplied respirator if there is any potential for an uncontrolled

release, exposure levels are not known, or any other circumstances where air-purifying

respirators may not provide adequate protection.

General Hygiene Considerations:

Avoid contact with skin, eyes and clothing. When using, do not eat, drink or smoke. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Provide eyewash station and safety shower.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Solid

Molecular Weight: 479.02

pH: No information found

Specific Gravity: 1.26

Freezing/Melting Point:

Boiling Point:

Flash Point:

Auto Ignition Temperature:

No information found
No information found
No information found

Flammable Limits in Air

(% by Volume):

No information found Upper: Lower: No information found Solubility: Soluble in water **Vapor Pressure:** No information found Vapor Density: No information found **Percent Volatile:** No information found Odor threshold (ppm): No information found **Evaporation Rate:** No information found

Partition Coefficient

(n-octanol/water): No information found

10. STABILITY AND REACTIVITY

Stability: Stable under normal conditions.

Conditions to Avoid: Heat, flames, ignition sources, incompatibles

Incompatible Materials: Oxidizing agents

Hazardous Decomposition

Products:

Carbon oxides, nitrogen oxides, hydrochloric acid

Possibility of Hazardous Thermal decomposition or exposure to incompatible materials may yield

Reactions: hazardous decomposition products.

Hazardous Polymerization: Will not occur.

Product: Rhodamine 6G Powder

Revision Date: 08/06/2013 4/7

11. TOXICOLOGICAL INFORMATION

Toxicological Data: Oral Rat LD50: 400 mg/kg

Acute Effects: Harmful if ingested. Hazardous if inhaled or absorbed through the skin.

Local Effects: Causes eye, skin, and respiratory tract, and gastrointestinal tract irritation. May cause

conjunctivitis and corneal injury if exposed to the eyes. May cause nausea, vomiting,

diarrhea, and hemolysis if swallowed.

Sensitization: No information found

Chronic Effects: Prolonged or repeated ingestion may cause loss of appetite, weight loss, or liver damage.

Carcinogenic Effects: This product is not classified as a human carcinogen by IARC, ACGIH, NTP, or OSHA.

Skin Corrosion/Irritation: No information found

Epidemiology: No epidemiological data is available for this product.

Mutagenicity: Mutagenic for mammalian somatic cells and bacteria/yeast.

Neurological Effects: No information found

Reproductive Effects: No information found

Teratogenic Effects: No information found

Target Organs and Symptoms: Skin, lungs, mucous membranes, gastrointestinal tract, liver, eyes. Irritation, nausea,

vomiting, diarrhea, loss of appetite, weight loss.

12. ECOLOGICAL INFORMATION

Ecotoxicological Data: No information found

Ecotoxicity: No information found

Environmental Effects: No information found

Persistence and Degradability: Long term biodegradation may occur. Products of biodegradation are less toxic than the

product itself.

Partition Coefficient (n-octanol/water):

No information found

13. DISPOSAL INFORMATION

Disposal Instructions: All wastes must be handled in accordance with local, state and federal regulations.

Contaminated Packaging: Since emptied containers retain product residue, follow label warnings even after container

is emptied. Offer rinsed packaging material to local recycling facilities.

Waste Codes: No information found

Product: Rhodamine 6G Powder

Revision Date: 08/06/2013 5/7

14. TRANSPORT INFORMATION

DOT: Not regulated

15. REGULATORY INFORMATION

U.S. Federal Regulations:

OSHA: This product is considered a "Hazardous Chemical" as defined by the OSHA Hazard

Communication Standard, 29 CFR 1910.1200.

TSCA Inventory: Rhodamine 6G

U.S. EPCRA (SARA Title III):

Sections 311/312: Hazard Categories List (Yes/No)

Section 311 – Hazardous Chemical Yes
Immediate Hazard Yes
Delayed Hazard No
Fire Hazard No
Pressure Hazard No
Reactivity Hazard No

Section 313: Toxic Chemical or Category: Rhodamine 6G

De Minimis Concentration: 1.0%

CERCLA: No information found

International Inventories: Country(s) or Region Inventory Name On Inventory (Yes/No)*

Australia	Australian Inventory of Chemical	Yes
	Substances (AICS)	
Canada	Domestic Substances List (DSL)	Yes
Canada	Non-Domestic Substances List (NDSL)	No
