BUILD YOUR OWN

CRIME SCENE BARRIERS AND WALLS

These privacy crime scene barriers and walls are designed with the crime scene investigator in mind. This durable, nylon screen will block potential on-lookers from viewing the environment being processed. The frame is constructed of heavy duty metal that is sturdy enough to withstand most weather conditions. Each crime scene barrier comes with a fabric storage bag (shown above) for convenient transportation that will fit up to six, 5 foot screens. Also included are two nylon wrapped bags, for stabilization. Please contact us for custom printing options.
