

SPIT HOOD

Spit Sock Hood was designed to fulfill a need that has long posed a problem for law enforcement personnel. The simple threat of spit is a fact that officials can not prevent but have come to accept. With consultation and advice from Law enforcement, EMT, Military officials and Hospital personnel, the Spit Hood was created to prohibit the transfer of saliva.

PART NUMBER: A-55100

FEATURES:

- Fabric: mesh AKA tulle, powernet
- Composition: synthetic blend
- 6 - 16 holes per square inch
- Maximum breatheability
- Maximum elasticity
- Minimal heat retention
- Minimal moisture-wicking capacity
- Fabric commonly used in athletic jerseys, athletic shorts, lingerie, shapewear, workout apparel, screens for screen printing, netting

INSTRUCTIONS:

- Get behind the intended wearer
- Place both of your hands inside the hood with your palms together in a prayer fashion
- Pull your hands apart to open the elastic neck band
- Place the band on the back of the individual's neck. While keeping your hands away from the individual's face, pull the band down over the front of the individual's face
- Remove the spit hood in the same front-to-back manner
